Before installing and using the product, please carefully read this User Manual to guarantee correct usage and keep it secure for future reference.

Features

1. The power bank features the advanced Power Delivery technology, supporting up to 20W for rapid and efficient charging.
2. Provides easy access and secure connections, ensuring seamless compatibility with a broad array of devices.
3. Features a high-quality rubber coating that guards against scratches, impacts, and daily wear, maintaining the device in pristine condition.
4. Optimizes power management for efficient energy transfer, significantly reducing the charging duration.
5. Offers hassle-free charging for iWatch with an integrated wireless charging capability.
6. Monitor the battery status effortlessly with the vivid and clear LED display.
7. Delivers robust support for your device, ideal for hands-free viewing, working, or reading while charging.

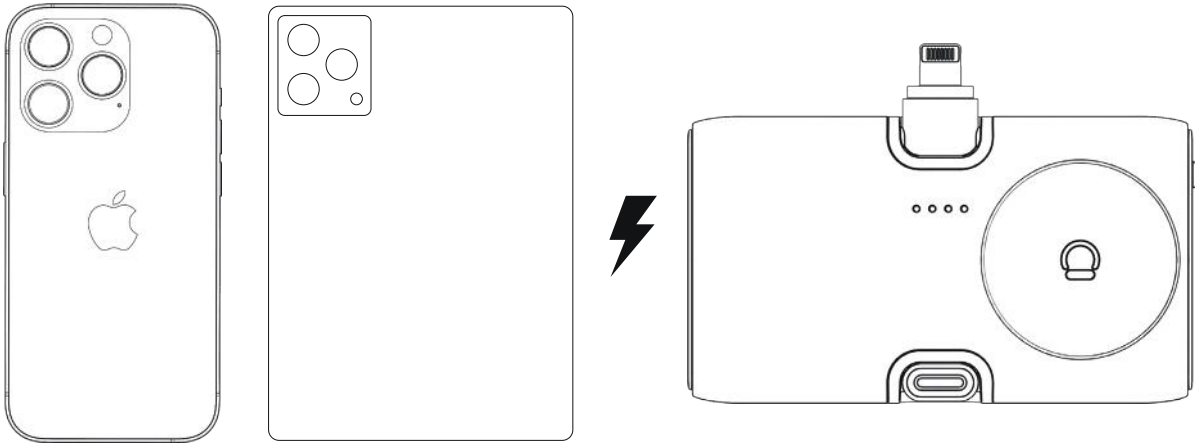

Schematic View

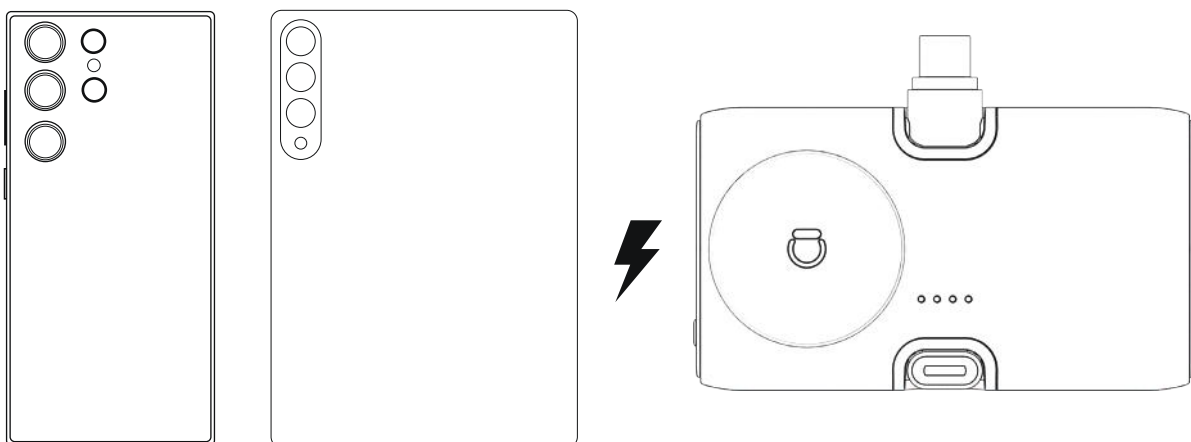

Charging Other Devices

1. Lightning Port

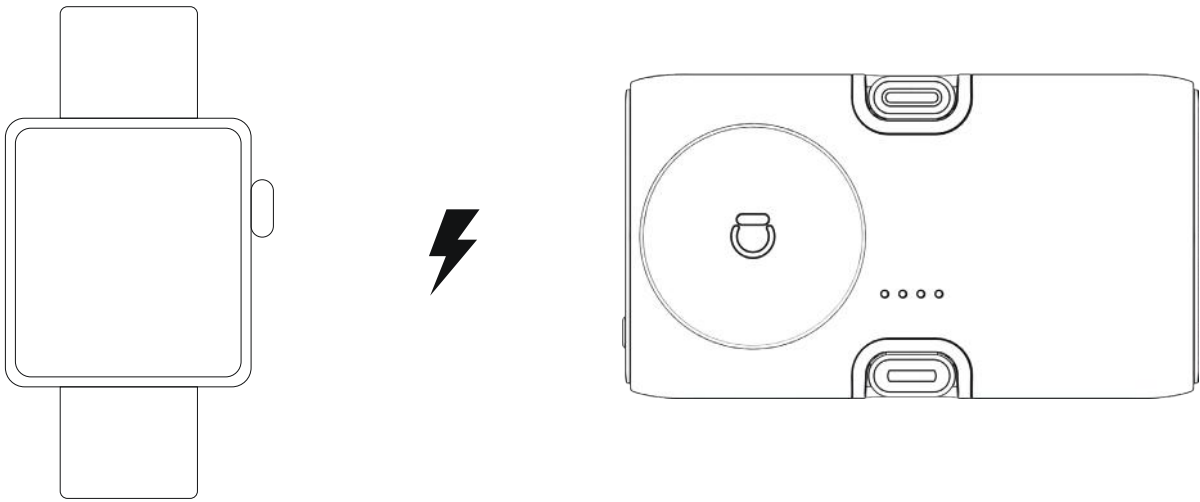

It supports all iPhone devices, iPods, and iPads that use the Lightning interface, ensuring compatibility and convenience for Apple users.

2. Type-C Port

The power bank is capable of charging all smartphones, tablets, and other small electronic devices that use the Type-C interface, providing a versatile charging solution for a wide range of devices.

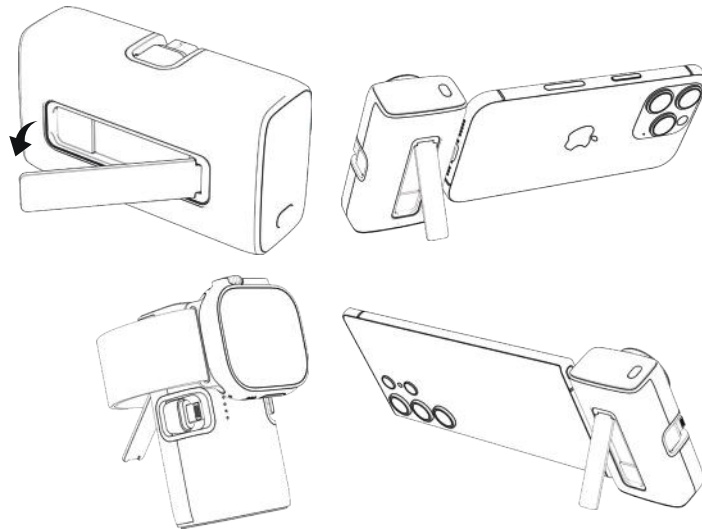

3. Wireless Charging

This product includes a wireless charging zone capable of powering smartwatches, including various iWatch models.

Note: Due to the foldable design of the charging connector, we recommend holding both the phone and the power bank while charging to ensure a secure connection and prevent any potential damage.

Adjustable Stand

Deploy the back support and customize the stand's angle to meet your specific operational requirements.

Note: To maintain the stability of the device support, it is recommended to position the product upright. This ensures optimal performance and safety.

Specifications

Product Name	Levelo Nova Mini Portable Power Bank 5000mAh
SKU	LVLNMPPBK
Capacity	5000mAh
Wireless Output	15W
Type-C Input	5V/2.4A, 9V/2A, 12V/1.5A (18W)
Type-C Output	5V/2.4A, 9V/2.22A, 12V/1.67A (20W)
