## Instruction for Use

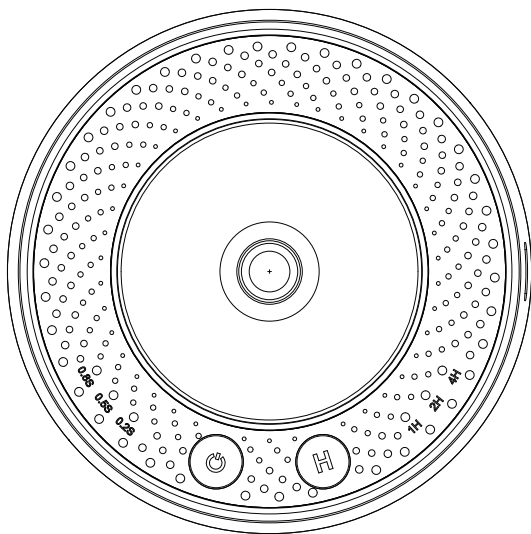

1. Hold the base of the diffuser with your hands and rotate it counterclockwise.
2. Hold the bottle and rotate the diffuser clockwise to detach the bottle.
3. Remove the cotton wick. Fill the bottle with your preferred essential oil.
4. After refilling, reinsert the cotton wick and reattach the bottle to the diffuser.

**Note:** When using the diffuser for the first time or after the essential oil has been depleted, refer to the images for instructions on how to replace the essential oil. If replacing essential oils before the current supply is depleted, ensure the diffuser remains upright.

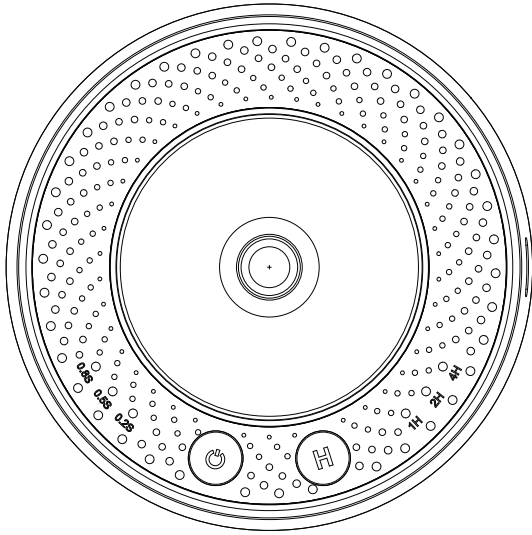

**5.** Press the on/off (⏻) button gently for one second to turn on the diffuser. The button (⏻) will light up green, indicating the diffuser is active. To turn it off, simply press the on/off (⏻) button again for one second.

**6.** Upon turning on the diffuser, the default spray duration is set to 0.2 seconds. To adjust the spray interval, lightly tap the on/off button to cycle through the options of 0.5, 0.2, or 0.8 seconds. The spray time indicator will illuminate blue.
